A MODERN FAIRYTALE...

Therese Zetterberg lives a simple life in the Swedish Archipelago, a old summerhouse, ragged and sweet. - Its my endless walks at the coastline that inspires to my work and design. A island life can be romantic, mysteries and rough...I moved here to feel more and gain the sense I stepped back in time. My best creations I draw at night, In the light from a candle...i love the silent darkness, the only sound you hear is the wind...no distractions or outside inspiration...only my love for nature and fairytales...

Enjoy my bridal wardrobe!
